

Danish Diabetes Academy

Symposium on
Co-morbidities in Diabetes

14-15 August, 2019

Sinatur Hotel Storebælt
Østerøvej 121, DK-5800 Nyborg

Programme

Wednesday 14 August

08:15-09:15	Registration & breakfast
09:15-09:30	Welcome Associate Clinical Research Professor Mads Hornum , Rigshospitalet, University of Copenhagen (DK)
Session I	Diabetic kidney and heart disease: New evidence on epidemiology, pathophysiology and treatment principles Chair: Associate Clinical Research Professor Mads Hornum , Rigshospitalet, University of Copenhagen (DK)
09:30-10:00	Renal Histology in type 2 diabetes, obesity and metabolic syndrome: New evidence Professor Esteban Porrini , Hospital Universitario de Canarias (ES)
10:00-10:10	Q&A
10:10-10:40	Epidemiology and consequences of kidney complications in patients with type 2 diabetes at present and the next 10 years Professor Peter Rossing , SDCC, University of Copenhagen (DK)
10:40-10:50	Q&A
10:50-11:20	Coffee & networking
11:20-11:50	GLP-1/SGLT2 treatment and renal endpoints Professor Bo Feldt-Rasmussen , Rigshospitalet, University of Copenhagen (DK)
11:50-12:00	Q&A

12:00-13:00	Lunch
13:00-13:30	Epidemiology and pathophysiology – interactions between type 2 diabetes and the heart Associate Professor Henrik Wiggers , Aarhus University Hospital (DK)
13:30-13:40	Q&A
13:40-14:10	Coffee & networking
14:10-14:40	Treatment of diabetic heart disease – present time and in the future Associate Professor Morten Schou , Herlev Hospital, University of Copenhagen (DK)
14:40-14:50	Q&A
14:50-15:00	Reflection time for questions to the panel debaters
15:00-16:00	Panel discussion & closing remarks Chair: Associate Clinical Research Professor Mads Hornum , Rigshospitalet, University of Copenhagen (DK)

Programme

Thursday 15 August

08:15-09:00 Coffee & light breakfast

Session II **Diabetic eyes and liver disease: Epidemiology, pathophysiology and treatment principles**

09:00-09:30 Pathophysiology changes related to diabetic retinopathy

Professor **Toke Bek**, Aarhus University (DK)

09:30-09:40 Q&A

09:40-10:10 Screening of diabetic retinopathy

Professor **Jakob Grauslund**, Odense University Hospital (DK)

10:10-10:20 Q&A

10:20-10:50 Coffee & networking

10:50-11:20 Treatment of diabetic retinopathy

PhD student **Søren Blindbæk**, Odense University Hospital, University of Southern Denmark (DK)

11:20-11:30 Q&A

11:30-12:30 Lunch

12:30-13:00 Liver disease – a forgotten complication of type 2 diabetes

MD, PhD **Hannes Hagström**, Karolinska University Hospital (SE)

13:00-13:10 Q&A

13:10-13:40 Coffee & networking

- 13:40-14:10 Identifying significant liver disease in type 2 diabetes and changing clinical pathways
Associate Professor **Neil Guha**, University of Nottingham (UK)
- 14:10-14:20 Q&A
- 14:20-14:50 Metabolomics and lipidomics applied to liver disease
Principal Investigator, PhD **Cristina Legido-Quigley**, SDCC (DK)
- 14:50-15:00 Q&A
- 15:00-15:20 The Novo Nordisk Foundation's new initiative for people with diabetes and co-morbidities
Senior Project Officer **Allan Mønsted Hansen**, Novo Nordisk Foundation
- 15:20-15:45 Roundup & discussion

Danish Diabetes Academy
