

EUROPEAN BOARD OF OPHTHALMOLOGY

Executive Committee

REFERAT GENERAL ASSEMBLY

Sunday June 18th 2017

1. Welcome by the President, apologies for absence, greeting to new members
 - a. 5 nye
 - b. Ny bestyrelse velkommes

2. Approval of the minutes of previous GA (Dublin, 2017)

3. Report and plans of subcommittees:
 - a) Education Committee (S Imhof)
 - The 2017 EBOD Exam (S. Imhof)
651 var til eksamen 92% bestod, fortsatte problemer med kapacitet.- behov for flere eksaminatorer og MCQ's.
Future aims: all new candidates in Europe should be FEBOS
Subspecialists are needed for the revision in curriculum, EBO needs a curriculum
No more free EBOs (indtil I år blev men FEBO ved at eksaminere 3 år I træk)
 - Organisation of the exam (D Mathysen)
 - ◆ Call to delegates for new examiners and no show examiners- sent godkendelsessvar giver flere afbud og dette adresseres i det nye tilmeldingssystem
 - -Candidates and Examiners: applications (Dara or Lisa) Nyt tilmeldingssystem
 - ◆ National delegations new procedure/criteria- December 20th deadline, approve candidates January/February, circulation of results, June: diplomas- don't let us down show up!
Call for delegates/examiners for supervising the rooms for the written part
 - New requirements for examiners, new application form (C. Groupcheva)
 - ◆ Fluent English and one other language
 - ◆ Minimum 4 years since exam
 - ◆ Min 5 years of practise as specialist

EUROPEAN BOARD OF OPHTHALMOLOGY

President: Gordana Sunaric Megevand MD, FMH, FEBO, Centre Ophtalmologique de Florissant, 44bis Ave Krieg, 1206 Geneva, Switzerland. Centre de Recherche A. De Rothschild, Geneva, Switzerland
g.su.meg@gmail.com

Secretary General: Renata Ivekovic, MD, PhD, FEBO University Department of Ophthalmology University .Hospital "Sestre milosrdnice", Vinogradska 29, 10000 Zagreb, Croatia
renata.ivekovic@kbcs.hr

- ◆ Active in resident teaching and training, minimum 2 residents supervised for the last 2 years- det sidste skal genevalueres- men det skal fremadrettet være uddannelsesaktive øjenlæger der eksamineres
- ◆ Academic position- eller tilsvarende, men kan godt være privatpraktiserende, a flere europæiske lande har privathospitalerne ligeså meget uddannelse som offentlige hospitaler.
- ◆ Permanent position in teaching hospital/praksis accredited for training
- ◆ First years as position as observer- skal man være indstillet på
- ◆ Applications coming with online application forms- nye krav til eksaminatorer
 - Letter of recommendation
 - Copy of specialist diploma
 - Notice from teaching institution- at man er ansat i undervisningsstilling
 - Preparation: examiners have no time for the watching the Wagih-movie- men den kan nu ses på nettet
 - More sets of slides- ingen må stille op med kun fem spørgsmål- computerbaseret- evt skal man indsende fem prøve cases
 - Short biography 150 words, min 3 MCQ question in their own field, 5 cases for viva voce (prøvecases)
 - Every year: update short biography, provide 2 MCQ, five case studies. Latest March 31
 - No more free FEBOs, instead honors and CME point
 - Medals of honor: bronzeeksaminator (3), silver(6), gold(9), platinum (12), EBO medal (15)
 - Måske 2 CME point
- Discussion ALL
 - Standardization, private practises with no students, responsibility of examiner and exam- with the help of national delegates. Hvordan holder man styr på sine eksaminatorer: 10 examiners easy, 100 hard-umuligt. Skal derfor være eksaminator og EBOs job
- b) CME Committee (D. Curtin)
 - EACCME 2.0, sidste år 30 kongresser, e-learning 4, andre 18.
- c) Residency Review Committee (T.Xirou)
 - Gennemgang af reglerne for, hvordan man bliver et akkrediteret center- tre godkendt i 2016, 4 i 2017.
- d) Residency Exchange Committee (R.Ašoklis)
 - Previous years 40 grants, this year 10, 140 eligible applicants, 80 % from new EU countries
- 4. Treasurer's Report (R. Martinez Costa)

Økonomi let i minus trods færre grants- igen da udgifterne pr styk lige nu stiger med flere eksaminander pga ekstra løsninger mv
- 5. FEBOS – Glaucoma exam 2017 (G. Sunaric Mégevand)

Glaukomeksamen 12 ønskede, 9 var klar, 5 bestod, passing 60%

EUROPEAN BOARD OF OPHTHALMOLOGY

President: Gordana Sunaric Megevand MD, FMH, FEBO, Centre Ophtalmologique de Florissant, 44bis Ave Krieg, 1206 Geneva, Switzerland. Centre de Recherche A. De Rothschild, Geneva, Switzerland

Secretary General: Renata Ivekovic, MD, PhD, FEBO University Department of Ophthalmology University .Hospital "Sestre milosrdnice", Vinogradska 29, 10000 Zagreb, Croatia
renata.ivekovic@kbcsm.hr

6. Future Subspecialty exams: ESCRS sep 2017, Ped-strabismus fra 2018 (W.Aclimandos)
7. Nomination of members to committees (6 members / committee) (R.Ivekovic)
Nåede ikke helt op på 6 pr komite, undertegnede kom i eksamenskomiteen og skal være med til at evaluere EBOs curriculum, EBO sal have et selvstændigt og ikke længere blot være ICO da kravene er forskellige på flere områder og dette har givet problemer med spørgsmål til EBO
8. Future for the EBOD Examination (G. Sunaric Mégevand, P.Ringers ,ALL)
Stor diskussion- men fremtiden er nok to steder Paris og Berlin, two days da der ikke er plads fremadrettet i Paris. Starter med mindre eksamen- spørgsmålet er om eksaminatorer og eksaminander vil komme, de fleste adspurgte ville gerne til Berlin. Diskussion om muligheden for at gå til eksamen hjemmefra på I-pad og efterfølgende blive godkendt til at komme til mundtlig eksamen i Paris
9. Peter Eustace medal; simplification of procedure (R. Ivekovic)
10. The New EBO Website: (Dara Conlon)
New look, highlighting de mest brugte links
11. Next General Assembly
Rungstedgaard 8-10 juni 2018
12. Any other business- tiden langt overskredet.

Gordana Sunaric Megevand
President

Renata Ivekovic
General Secretary
